PROFILE

Ambitious and Enthusiastic Arts graduate pursuing a Master's degree in Computer Applications.

As an aspiring Software Developer, my world revolves around crafting elegant solutions. I relish the feeling of transforming problems into efficient code, and witnessing them come to life.

SKILLS

Programming Languages:

Python, Java, C++

Web Development:

Flask, HTML, CSS, JS

DBMS:

MySQL

Tools:

Git, GitHub

PROJECTS

BLOGGING PLATFORM

Flask, Jinja2, SQLAlchemy, MySQL

Team size: 2

- Developed 'IdeaSpace' Blog, a Flask web application, allowing an admin to upload and edit their blogs.
- Implemented user authentication, ensuring secure access and user-specific functionalities.
- Integrated SQLAlchemy for efficient database management.
- Utilized Flask-Mail for email functionality, enabling users to contact the admin.
- Ensured robust error handling, enhancing the overall user experience and system reliability.

NEWS WEBSITE

HTML, CSS, JavaScript

🔄 [News+](#)

- Created 'News+' website, featuring real-time news articles across various categories and current weather information.
- Designed an intuitive and responsive user interface, enhancing user experience and accessibility.
- Implemented a dark mode feature, providing an option for better readability.
- Demonstrated proficiency in API integration for fetching real-time news data.
- Utilized JavaScript for dynamic content updates through DOM manipulation, ensuring a seamless browsing experience.

EXTRA-CURRICULAR ACTIVITIES

NSS LEADER, VOLUNTEER

- Led a dedicated team of NSS Volunteers during a 7-day camp, fostering teamwork and leadership skills through various activities.
- Participated in 'Shramadaan,' a community service initiative, involving the construction of a road in a rural village.
- Played a key role in tree-plantation drive, contributing to environmental conservation efforts.
- Led and performed in a street-play, effectively raising awareness among villagers on pressing social issues.
- Demonstrated effective communication and interpersonal skills in motivating and coordinating the team.
